Washington, Jan. 18 .- The supreme court of the United States today affirmed the decree of the state courts of Texas imposing a fine of \$1,623,900 on the Waters-Pierce Oil company of St. Louis and ousting it from the state on the charge of violating the Texas anti-

The action was begun in the state courts under the state anti-trust laws and resulted in a verdict directing the and resulted in a verdict directing the cancellation of the company's permit to do business in the state and fixing a penalty of \$1,623,900 for the violation of the laws from the time that the permit was issued on May 31, 1900, until April 24, 1907 when the notice was til April 24, 1907, when the action was

Laws Violated Every Day.

The bill charged that the company had violated the state's laws every day since it had entered the state through a conspiracy with the Stand-ard Oil company of New Jersey, to control the oil business in Texas. The company denied the charge. The penalty was at the rate of \$1500 per day from May 31, 1900, to April 1, 1903, and a rate of \$50 per day from that time on. The case came to the supreme court on a writ of error. Justice Day announced the decision of the supreme court, affirming the findings of the Texas court. The case turned upon the point as to whether the proceedings of the state against the company had been in acordance with the constitutional requirement for due process of law and the court held that such was the case. While regarding the fine as very large, Justice Day's opinion held that it was competent to impose it.

Augusta, Ga., Jan. 18 .- That the president-elect has not determined who is to be his secretary of the treasury is indicated by the circumstances that he today had a conversation with J. C. president-elect for this conference. Mr. Taft said tonight that Secretary Newberry had prevented an endorsement being made by the Michigan delegation in congress for his continuance as secretary of the navy, but the views of the delegation, on its own initiative, in favor of the secretary were laid before him today by Representative Edwin Denby.

It is estimated that such a law will cost the state \$175,000 a ear, and in anticipation of it estimates are being made now, as the basis of the general appropriation bill will make heavy mileage allowance for every
